### Arrests in Oklahoma City.

The alarming prevalence of cigarette smoking among boys has led to an investigation by the police, and dozens of cigar and tobacco dealers may be haled into court on charges of selling "cotton pills" to minors, as a result. Two dealers were arrested Wednesday evening. Both put up a bond of \$50 each at the police station.

There is a law regulating the sale of cigarettes which provides a heavy penalty for anyone selling them to any person under 21 years of age. This law, it is said, is being flagrantly violated in Oklahoma City, practically everybody only a few years under the age limit being able to obtain the "pills" at any cigar stand. Many complaints have been made to the city and state officials by individual persons and organizations and a close watch will be made by officers to see whether any effort at all is being made by dealers to ascertain the age of young fellows who apply to them for the "sticks." Some of the tobacco men say that they sell cigarettes only to adults, and that these in turn act as agents for the boys. But the police believe the illegal selling of the popular joy puffs is far too promiscuous, and their eagle eye will hereafter be upon all heedless youths who saunter into cigar stands.—Oklahoma City Times.

## TAKE "CASCARETS" IF HEADACHY, BILIOUS AND CONSTIPATED

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull throbbing sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gasses, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

### Basketball at High School.

The A. H. S. basketball team, after three hard weeks of preliminary training, will enter their first combat of the season tonight at the High school when they meet the fast Wynnewood team. The team has been making rapid progress and several new faces will appear in this year's lineup.

Walter Critchlow, an old player himself, is organizing a local city team in order to give the High school lads some real competition, and this system is bound to produce a fast fighting aggregation, of which the High school rooters may justly feel proud. The game Friday evening is scheduled to begin at 7:30 p. m. and will be started promptly at that hour by Mr. Critchlow, who will officiate.
